

## Fourth Annual University of Arizona Advanced Placement Statistics Practice Exam

The Center for Recruitment and Retention and the Mathematics Department at the University of Arizona will again be hosting an **(Advanced Placement Statistics Practice Exam)**. This year the Practice Exam will be held on Saturday, April 29th, 2017, on the university campus. As always, we would like to see as many schools as possible participating!

The practice exam will be given in the morning, followed by a review of the free-response scoring guidelines immediately afterwards. Because we will grade the Multiple Choice portion of the exam while the students are working on the Free Response problems, every student will know their grade (1–5) on the exam when the session is completed.

We will be using the 2012 Statistics Released Exam for this practice exam. So, as students prepare for the AP Exam, please **DO NOT USE** the 2012 exam in your review sessions. (Note: This is different from the previous three years when we used the 2007 exam.)

Students from schools partnered with CRR (see below) pay a participation fee of \$5 each. Students from schools not partnered with CRR pay a participation fee of \$25 each.

Visit our webpage for the registration forms.
