WHY SHOULD YOU APPLY TO BE A PART OF THE CRR’S NEW TEACHER INDUCTION PROGRAM?

- Understanding of the challenges of being a new math teacher
- Catering to your needs and providing you with the targeted support
- Coaching that helps you be successful
- Exploration of math topics to understand content more deeply
- Sharing of activities and strategies to use in your classroom
- Developing effective strategies for your classroom and mentoring support of your students
- Focus on the critical areas of the standards to help inform your lesson design and unit planning
- A supportive community of professionals that are in a similar position to you
